

## *Announcing Degrees of Jaycees*

Date:

Dear (Member Name):

We want to alert you to a program that will activate you more fully in the Jaycees, regardless of your current level of involvement. In so doing, this program will help both you and the chapter.

Sponsored by the U.S. Jaycees, the Degrees of Jaycees program has assisted Jaycees nationwide for many years. We are just now introducing it in \_\_\_\_\_ to provide guidance and incentives for our members to remain active in our chapter.

We have included with this letter all the tools you will need to participate:

1. Degrees of Jaycees Program requirements
2. Degrees of Jaycees Certification Form for the first degree

As you can see, you have already completed some of the requirements; others may require further activation. As you go along completing the first degree requirements, keep "score" on the Certification Form. By the end of the year, if not sooner, you should be able to submit a completed Form to me.

We believe this program, like the Jaycees itself, is worthy of your active participation; we hope that you will take full advantage of this new opportunity.

Sincerely,

President
